

International symposium

Date & time: 3rd October 2011 (Monday) 10:00 – 17:00

Venue: Nikkei Hall, (1-3-7 Otemachi, Chiyoda-ku, Tokyo)

AFTER THE GLOBAL CRISIS, WHICH MODELS OF GROWTH?

No admission fee required. Language: English (Simultaneous translation to Japanese provided)

Mandatory registration at: <http://www.canon-igs.org/en/>

In a context characterized by a series of negative shocks since 2008 and high uncertainty, the aim of this policy-oriented symposium is to propose an analysis of what could be the engines and «models» of growth in the future. We expect to offer a unique opportunity to better understand the current economic environment and its prospects in gathering highest officials from central banks and governments as well as world-known professors from Japan and France to discuss these issues.
